

Lecture 5

Joe Roith

September 19, 2019

Time/Location

Thursdays: 12:45 - 2:05 PM (80 min)

RNS 210

Previous class

Got through all of Ch 4, polls, surveys, sampling strategies. Some may still struggle with stratified vs cluster, but I feel like I should move on. Discussed the climate strike. **Those who attend can complete the climate assignment in lieu of the lab assignment. But still should do the lab. Or they can actually strike and not do it.** They do have a reading assignment due in class.

Breakdown

Part	Topic	Description	Duration
0.1	Orientation	No change	0 min
